

Hello Buttercup class children and parents,

We loved hearing about all the pirate adventures you had last week! This week we will continue to base our activities around pirates. Please feel free to revisit activities from last week. We hope you have just as much fun with these!

## **Activities for this week**

- Colouring/painting (resources below)
- Make your own treasure chest and treasure. Decorate an old shoe box or tissue box with brown tissue paper and PVA glue or alternatively paint it brown. Cut some circles out of cardboard and cover these in tin foil to make your treasure!

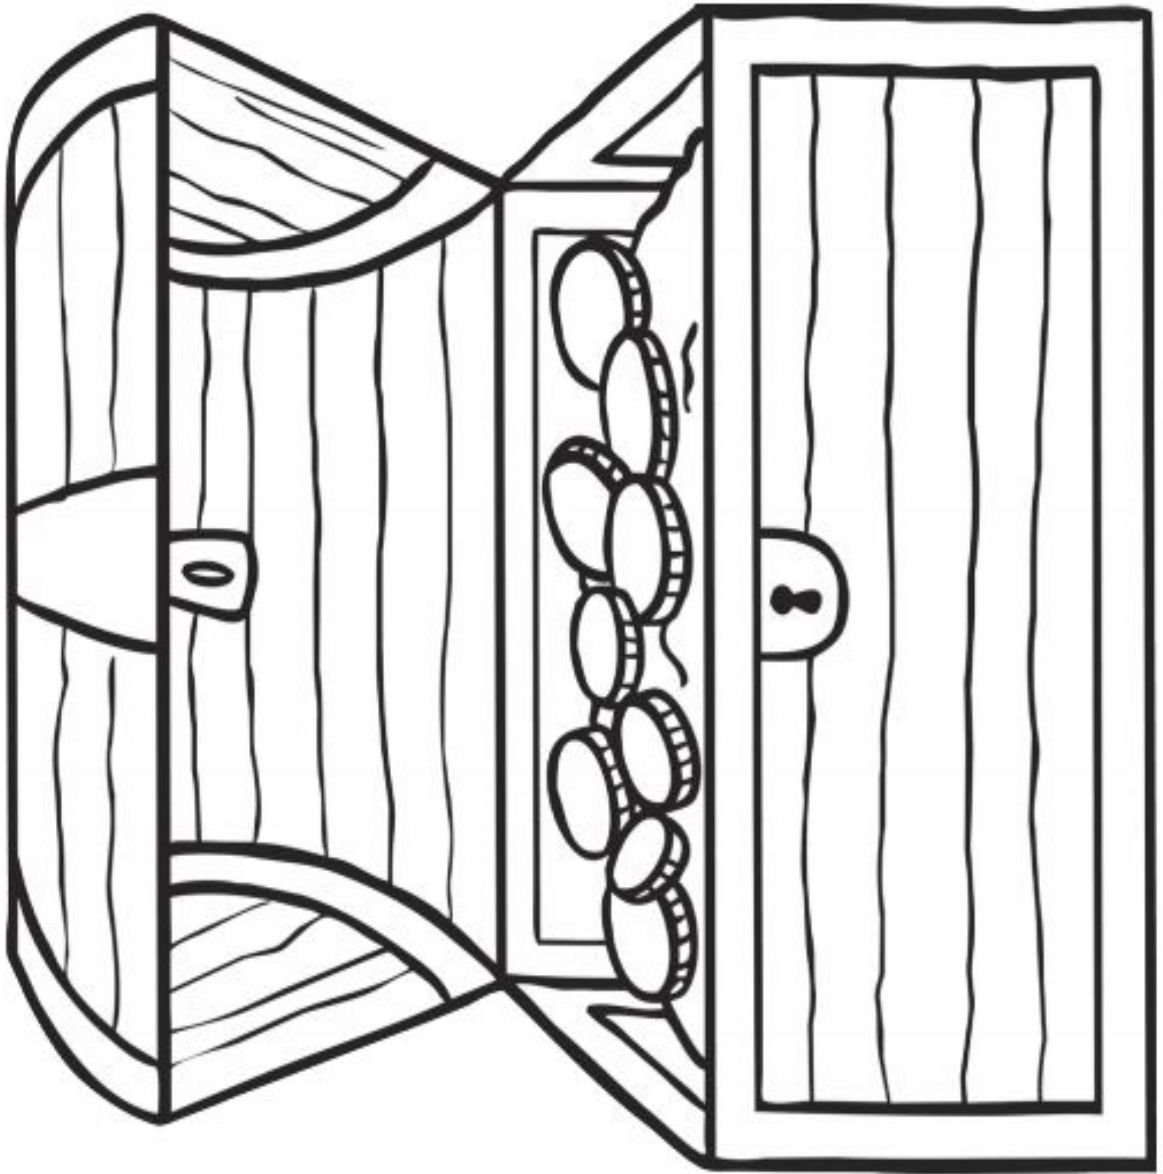

- Make a treasure map (resources below)
- Island hopping game. Place several pillows around a large open area. Tell your children they are islands. Have the children hop from island to island without falling in the water. Make up stories about pirates and alligators that may be in the sea around you while playing. You could even dress up and wear your hats and eye patches you made last week!

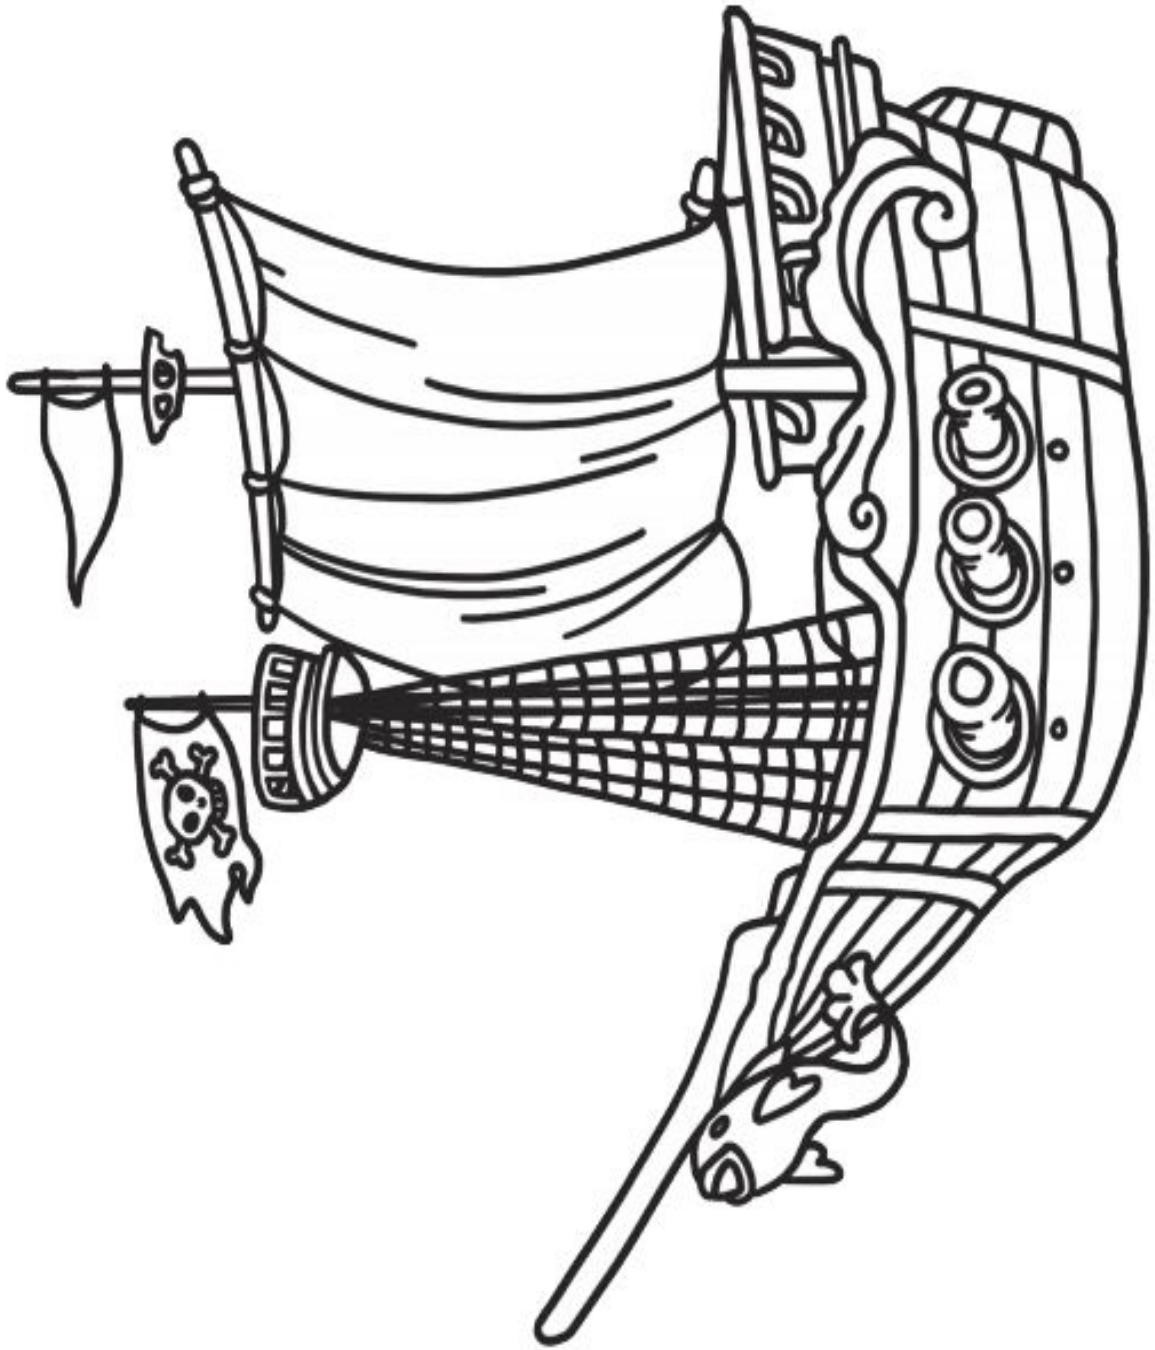

- Treasure hunt. Use chocolate coins or make some as shown in the treasure chest activity. Hide these around your home or garden and encourage your child to find them. You could take pictures of where they are hidden to give your child a clue to where they are!

# Treasure Map

Put an **X** where the treasure is buried.
