

# The Missing Stone Age Jewellery

A serious crime has been committed in the Neolithic village of Stonebury. It is the day before feast day and all the beautiful stone jewellery has gone missing. Feast day won't be the same without the decorative jewellery.

As the Detective Chief Inspector, it is your job to find out who has stolen the jewellery. Your officers have taken down the names and descriptions of the 20 Neolithic people who live in the village.

There are also five top secret clues that have been left. To crack the case, you will need to solve each clue and check the information with the list of names.

Good luck!
