

09/06/2020

Dear Parents,

I hope you all enjoyed your weekend. It was lovely to speak to you all last week and hear what you have been up to at home. I appreciate all your feedback on the home learning packs, these are currently being put together and will be with you soon if not already. I have taken into consideration some of the issues from you and hope you will find these manageable.

I have included time and money worksheets as this is something all students need to work on. Please have a go at the links below for some interactive time and money games, I hope the students find them fun!

**Time**

Independent living is a life skill and in the link below you will find some lessons on routines and healthy eating which may help you whilst we are living in these difficult times.

<https://classroom.thenational.academy/specialist/independent-living/applying-learning>

This link is to specialist lessons about eco-awareness where pupils can learn about the planet and why recycling is important.

Please have a look at the above link that can be worked through alongside our theme week of 'Under the Sea'.

Follow the link below to find many KS3 activities to complete at home, including maths activities and new under the sea themed recipes. Feel free to look at some of the other key stages as there may be some different ideas for you to have a go at.

There are also plenty of links below to have a look through and have a go at online learning.

Have a good week and just remember to work at a pace that suits you and your family.

All the Best and stay safe,

Miss Georgiou
