Woodside Academy - Update 1st June 2020

Sent 01 Jun 2020

Dear Parents and Carers,

Welcome back to the beginning of a new half term, I hope that this email finds you and your families fit and well. The limited provision for the children of key workers is now back on the Woodside site in Colyer's Lane.

This week, teachers will also be resuming their weekly calls home, updates to the home learning website and preparing the next home learning pack which will be sent out in weeks 2-3. In addition, we are making the school site ready for wider reopening under the new safety and hygiene measures. The classrooms and space are looking a little bit different and there are some photographs attached for sneak preview.

We are still awaiting final deliveries of some health and safety supplies and will confirm the date for re-opening to small groups of pupils as soon as possible.

Miss Hookway is leading the Oak National Academy Numeracy lessons this week so do check in here: <https://www.thenational.academy/online-classroom/specialist/numeracy>.

We will be in touch with you regularly to update you with developments.

Yours sincerely

Kathryn Freame

Head of School
