Offer of Covid vaccination for 12 – 15 year olds in south east London

The coronavirus (COVID-19) vaccines are safe and effective. One dose is being offered to children aged 12 to 15 to give them the best protection against COVID-19.

Vaccination services are visiting every school in south east London during October and November to offer every child or young person aged 12-15 years old a Covid vaccination. However, if a child is unwell or missed their vaccination on the day of the visit for whatever reason, there are a range of alternative options to choose from.

These services offer walk-in appointments **for any 12-15 year old from the south east London boroughs of Bexley, Bromley, Greenwich, Lambeth, Lewisham and Southwark**. The vaccine being offered is the Pfizer-BioNTech vaccine. Other slots may become available on the National Booking System in coming days and weeks.

We want children and their parents or guardians to have reliable and accurate information to answer any questions they have prior to coming in for their vaccination. Access more information at nhsselvax.com/12-15
