Dear Parents/Carers

Re: Parents' Telephone Consultations during week beginning 18th May 2020

Due to the lockdown of the school we postponed our Parents' Evening event on Wednesday 1st April 2020.

We value the importance of keeping families updated with regards to their child's progress and development and are unsure when we will be able to hold face-to-face parents' evenings again so therefore have organised parent telephone consultations during the week beginning 18th May 2020. Each telephone appointment will last for approximately 10 minutes.

When your class teacher makes their weekly phone contact with you next week, (beginning 11th May), they will inform you of the day that they are holding their parent telephone consultations and will offer you a timed appointment for the following week. Please appreciate that these progress calls cannot overrun as the class teacher will have another call to make after your telephone consultation.

The class teacher will discuss with you your child's progress up until the end of March and discuss the summer personalised learning plan targets. This will obviously be different to the weekly conversations you have been having with your class teacher and it is important to use the consultation time to discuss your child's progress.

Yours sincerely

Mrs C Aucott
Assistant Head Teacher
